RESEARCH GATE

Research Gate was built by scientists for scientists. Founded in 2008 by physicians Dr Ijad Madisch and Dr Sören Hofmayer, and computer scientist Horst Fickenscher, ResearchGate today has more than 4 million members. We strive to help them make progress happen faster.

Mission: We believe science should be open and transparent. This is why we've made it our mission to connect researchers and make it easy for them to share, discover, use, and distribute findings. We help researchers voice feedback and build reputation through open discussion and evaluation of each other's research.

Here's how it works:

- **Share your publications:** Access millions more and publish your data.
- **Get stats** about views, downloads and citations of your research.
- **Find the right job** using our research-focused job board.
- **Connect and collaborate with colleagues,** peers, co-authors and specialists in your field.
- **Ask questions, get answers** and find solutions to research problems.

Research Visibility: Allows you to add your publications, access millions more and make your research visible.

CPD ACCREDITED HOSPITAL MEETINGS

Unit Heads/Coordinators are requested to please send their CPD registers timeously for scanning i.e. at least once a month. Please send to either **Natashia or Nelly.**

MMED SUPERVISION

Mmed Supervisors: The University expects the department to keep track of all its Mmed students. In addition to the annual request by the University for Progress Reports, it is important that the department has more frequent records of the student's research project. Supervisors are to ensure that copies of the student-supervisor agreement are given to Nelly/Natasha in the department. They must also submit copies of the supervisor meeting forum. The relevant documents are available on the department's website.

UKZN AND GENERAL MAIL

Staff members using the University address to receive correspondence / general mail must please ensure that mail is collected on a regular basis.
