END OF YEAR FUNCTION 6th December 2019

The departmental end-of-year function has been an important social event on our calendar for many years. It is usually a fun evening at which we get together to make our departmental awards presentations.

Prativa and her team have planned an exciting Greek-themed event. However, there has been a general lack of interest and poor response to ticket sales. Please may I urge you all to get involved. It is your event and its success depends on your presence. The organisers have secured some sponsorship that has allowed ticket prices to be low.

SEE YOU THIS EVENING!

Venue: Kalamata Kouzina
