## UKZN ICS NOTICE EMAIL CLIENT FOR MOBILE DEVICES

The proliferation of mobile devices and their use to access email has necessitated some level of standardization. It is therefore critical to ensure that the email application used works in tandem with email security features implemented by ICS on the email server side, now and in the future.

From the 2nd July 2021, only the Ms Outlook email app will be officially supported on all Mobile platforms (Android/Apple iOS). The Microsoft Outlook email app is available for free from the Google Play Store or Apple App Store. The process for installing this app is relatively straightforward.
