FCA II REFRESHER COURSE - CHANGE OF VENUE

In the current environment it is no surprise that we have been thrown a curve ball in terms of our venue choice. We are hoping to have a hybrid course (as we did for the FCA I course last year) with up to 20 in-person delegates and the balance on ZOOM. We had hoped to use the College of Medicine in Johannesburg. Unfortunately the riots led to exam postponements and the College is now running oral exams right through to December.

Fortunately Dräger South Africa have come to our rescue and offered their beautiful new head office as a venue, which comes with a lecture theatre and IT support. Below is a revised poster showing the new address details (which will in fact please the Pretoria contingent as well) in Waterfall near the Woodmead Makro.
