SPRING GRADUATION 2021

We had hoped that by this time in 2021, the University would be able to hold its traditional live graduation celebrations. Unfortunately, due to the unprecedented challenges brought on by COVID-19 and the frequent changes in national regulations to counter waves of the pandemic, the University has had to continue with the conferral of qualifications and the distribution of its degree and diploma certificates using a virtual format.

As one of the largest universities in South Africa, Graduation is an enormous undertaking involving a variety of inputs and components.

The University of KwaZulu-Natal's 2021 Spring Graduation Ceremonies will thus be conducted virtually.

The University will air the ceremony, The ceremony will be available for online viewing by graduands, families and friends, and a recording of the events as well as a programme will be shared with graduates on the day of their graduation.

The Ceremony will be broadcast at the following times:

College of Health Sciences 11h00

Graduates are reminded that Degree/Diploma Certificates WILL BE WITHHELD if they owe fees, have not paid library fines or have not returned library books.

Once outstanding fees have been cleared and the Fees Office on Campuses (details below) duly informed, certificates will be released after five days which is the time needed for fee payments to clear
